HEALTH AND WELLNESS

## KNOWING US

Basic is good: It is the starting point; the primary source; untainted; pure. We believe that it is our respect for the basic that enables us to live more. Thanks to nature's healing hands, Tradizione brings the gentlest and most effective products that are healthy, safe, and easy to use. We use our learnings from the old times in combining helpful ingredients that can improve the lives of many generations. Tradizione's high regard for the basic sparked the creation of a skin care line that radiates love for nature's gifts.

Our care is not just skin-deep. More than maintaining a smooth and glowing face and body, Tradizione provides livelihood to many communities by sourcing and manufacturing products locally. Truly, we are "Made by Filipinos, for the Filipinos." Tradizione Inc. is a subsidiary of the QI Group and a sister company of QNET.

## BRAND STORY

Tradizione was founded on 8 September 2016, with the aim to encourage people to live naturally and provide a business opportunity to OFWs, working moms, stay-at-home moms, house helpers, and professionals who wish to earn extra income. Tradizione provides the framework and tools that allow its members to actively raise their quality of life by using Tradizione's personal care products and selling them through a network marketing business model that comes with an attractive Compensation Plan. What began as a simple business idea has evolved into a thriving community of entrepreneurs who make a difference in their families and communities.

## MADE BY FILIPINOS, FOR FILIPINOS

All Tradizione products are made locally and from natural ingredients which are sourced from farmers we know and partners we trust, providing livelihood to many communities in the country. Each Tradizione product is also infused with Virgin Coconut Oil, which is proven to be effective in keeping the skin smooth and moisturised, and is one of the Philippines' top exports, making Tradizione a Proudly Pinoy brand.

GREAT OPPORTUNITIES AWAIT: It's about Raising Yourself to Help Mankind. When you welcome the Tradizione business opportunity, you not only help Philippine farmers by buying our locally sourced products, you also help us help you enjoy a life filled with wellness and success. Furthermore, with affordable packages and a variety of ways to earn, Tradizione allows you to extend the same opportunity to others in your network-- so we can all become drivers of positive change in our community and beyond.

**WE EXIST TO CREATE EXPERIENCES WHERE PASSION AND PURPOSE COME TOGETHER.**

# TRADIZIONE SOAPS

Tradizione soaps are made using the cold-process method. Unlike other soaps available in the market that work more like detergent, cold-processed soaps are mild for the skin.

Our soaps are sourced and manufactured locally using only the finest ingredients. It is rich in virgin coconut oil and packed with antioxidants that give you healthier and younger skin. Virgin Coconut Oil not only softens and deeply moisturises your skin, it also removes dead skin cells to smoothen out your skin giving it a radiant glow.

TRADIZIONE SOAPS ARE SAFE TO USE BY PREGNANT OR LACTATING WOMEN. IT WORKS WELL ON ALL AGES.

# BLANCO

/blanˈco, blangˈko/  
ANTI-AGEING SOAP

A natural anti-ageing soap that will keep your skin looking vibrant, youthful and help diminish other signs of skin-ageing.

## PROBLEM

Skin ageing, saggy skin, wrinkles, fine lines, skin irritations

## SOLUTION

- Rosehip oil It is full of vitamins, antioxidants, and essential fatty acids that are known to correct dark spots and hydrate dry, itchy skin, all while reducing scars and fine lines.
- Collagen Look younger and more radiant with this ingredient which is known for its ability to revive dull skin.
- Jojoba Oil Hydrates the driest of skins, facilitates the cell regeneration process, and increases skin elasticity and firmness.

"I'm in my 20s but my mom has always been adamant about using anti-ageing soap or an anti-ageing product in my skincare line to prevent wrinkles, fine lines, etc. I am happy with the Blanco Anti-Ageing soap because it has Collagen and Jojoba Oil. The results are amazing!"

*Persia Plaza, 26*

# MOCCA /moka/ WHITENING SOAP

A whitening soap that is all-natural and lightens the skin in healthy ways. There are no harsh or dangerous chemicals unlike those found in other skin whitening soaps.

## PROBLEM

Acne scars, skin pigmentation, dark spots

## SOLUTION

- **Kojic Acid** Coming from several varieties of mushrooms, Kojic Acid is one helpful organic compound that exfoliates, lightens, and clears the skin, making it smooth and radiant.

Precaution: Expect the skin to peel when using Kojic Acid and this should not be used together with other peeling agents. It is highly recommended to apply moisturiser and sunscreen (SPF of 30+) and to avoid prolonged exposure to the sun.

- **Tea Tree (Melaleuca Alternifolia)** Certainly one of the most popular natural beauty remedies, Tea Tree has been known for its antiseptic and antifungal properties that help treat acne, insect bites, and other skin infections.

I keep getting nice remarks such as “blooming skin” and “flawless” after trying the mocca and noir soap. I ditched my expensive skin care routine for these organic soaps. A lot of people also asked about it whenever I post selfies – and they actually order soaps from me! Flawless skin + Booming business = win-win situation

*Angel Mariano, Student*

# PUR /pyür, pyur/ FOR SENSITIVE SKIN SOAP

Not everyone who has sensitive skin respond well to chemically-laden soap. So if you have sensitive skin, this is the best product for you! Cleanse, moisturise and soothe your skin with an all-natural pure coconut oil soap.

## PROBLEM

Skin allergies, rashes

## SOLUTION

- **Virgin Coconut Oil** VCO in PUR coconut soap contains lots of fatty acids such as lauric, caprylic, and capric acid which provide deep moisture and hydration to dull and gloomy skin. Unlike ordinary soaps, coconut soap doesn't dry out your skin while cleansing it. The lauric acid found in PUR coconut soap contains antimicrobial, antibacterial, and other such compounds which create a protective barrier on the skin when used regularly.

Using coconut soap regularly can protect your skin from allergies and skin conditions. PUR soap also provides natural UV protection.

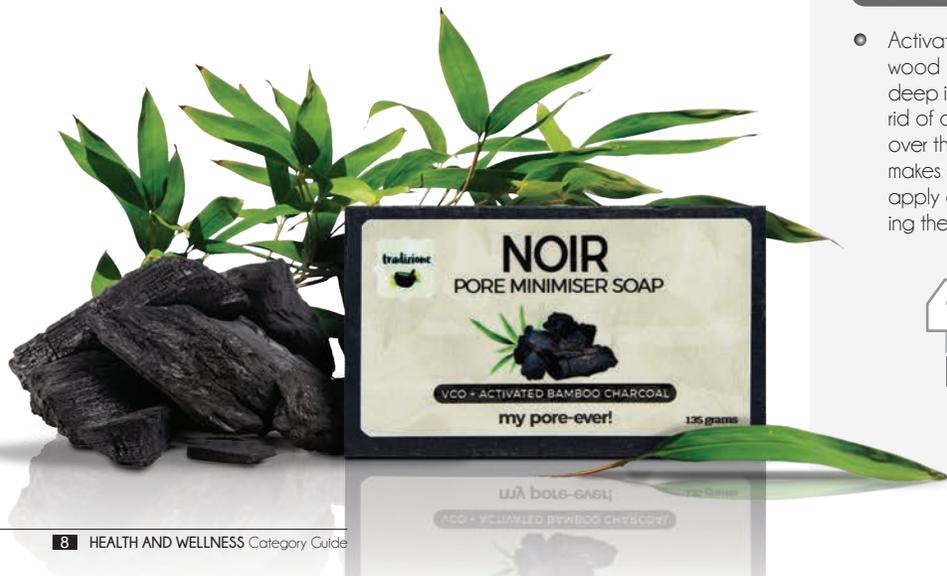

My friend's baby has rashes all over his butt. I told her that this soap can be applied to babies because it is pure VCO. After regular use, her baby doesn't have rashes anymore. She's stocking up on PUR just to ensure her baby's skin is flawless.

# NOIR /nwa/

PORE MINIMISER SOAP

Are you tired of looking at your face only to see massive pores staring back at you? You don't have to suffer any longer! Not only does this natural soap minimize the size of pores, but it also cleanses, purifies, and softens complexion noticeably. It even extracts impurities, which in turn helps get rid of pesky blackheads.

## PROBLEM

Big pores, dead skin cells, impurities

## SOLUTION

- Activated Bamboo Charcoal is four times more porous than wood charcoal. Its high absorbency allows it to pull dirt from deep inside your pores. This helps cleanse your body by getting rid of dead skin cells and harmful toxins that have accumulated over the years. The ability of charcoal to unclog blocked pores makes your skin smooth and clean, and allows the products you apply after cleansing to penetrate more deeply, ultimately making them more effective.

Jujitsu essentials! Best smelling soap..

@noughtsandcrossesbij

# CHAI

/chai, chay/  
ANTI-OXIDANT SOAP

This anti-oxidant soap reduces inflammation, provides protections from the sun, and helps in slowing the process of skin-ageing. Other than that, it also gives you a firm and balanced skin tone.

## PROBLEM

Uneven skin tone, inflammation, ageing skin

## SOLUTION

- **Camellia Sinensis (Green Tea) Extract** Protect your skin from the damaging effects of free radicals that cause premature ageing with CHAI Green Tea soap. Green tea's tannin and polyphenols antioxidants fight body odour and are considered disinfectants. They also tighten pores and help skin retain moisture and gain bounce.

Been addicted to these for the past two weeks! Organic Virgin Coconut Oil + Green Tea Essential Oil = pure antioxidant magic for the skin.

*Dr. Mark Platon, Team Mabuhay Leader*

# ROZA /rōza/

## ANTI-BACTERIAL SOAP

Virgin Coconut Oil is naturally anti-bacterial and a wonder skin cleanser. This soap helps to clean and purify your skin in a gentle and natural way without drying your skin.

### PROBLEM

Skin infections, open wounds, back acne, scars

### SOLUTION

- **Bearberry “Uva Ursi”** Bearberry extract offers UV protection sun filters which can reduce the amount of tanning and prevent premature ageing of the skin. The leaves of Uva Ursi contain a very powerful and recognised antibacterial chemical compound known as hydroquinones. Bearberries also help cure wounds and remove scars.

I love the Roza soap because of its fragrant smell! I regularly use the Roza as both a face and body soap.

*Mr. Xavi Ablaza, Distributor*

# PAIA /paya/ EXFOLIATING SOAP

One of the key steps to having radiant, younger-looking skin is to get rid of old, dry, dead skin cells. And the best way to do that, of course, is to exfoliate.

## PROBLEM

Dry and patchy skin, uneven skin tone, clogged pores

## SOLUTION

- **Carica Papaya (Papaya) Fruit Extract** Papaya has papain and Vitamin A. Both help remove dead skin cells and help break down inactive proteins, thus creating fairer skin and a more even complexion. The exfoliating properties of papaya soap also make it an effective acne treatment when it is used on the face or on other acne-prone areas of the skin, this is because one of the primary causes of acne is the tendency for dead skin cells to clog the pores instead of being shed from the skin's surface normally.

I exfoliate twice a week because that's the advisable frequency within a week. I tried this one to find out if it's effective because I am more fond of skincare that use beads as an exfoliator. True to its claims, my face feels thoroughly cleansed and so smooth after using this product. 10 stars for this soap!

*Bianca Osorio, 26*

# LAMEEG

/lamēg, lamig/

## COOLING SOAP

Mentholated soap is a cosmetic powerhouse! It is applied to soothe itchiness, redness, and sunburn. This soap also deeply cleanses the skin, tightens pores, and restores radiance of dull complexion. Other than that, it also gets rid of acne!

### PROBLEM

Large pores, tired and dull complexion

### SOLUTION

- Cocos nucifera (coconut) oil
- Tea tree (melaleuca alternifolia) leaf oil
- Mentha piperita (peppermint) oil
- Eucalyptus globulus (eucalyptus) leaf oil
- Menthol
- Moringa

I really love the Cooling Soap! After rubbing the soap on your body, in just a few seconds you will feel the cool sensation. To top it all, the moment you step out of the shower, it leaves a cooling effect on your skin. Very refreshing indeed!

*Kar Gonzales, Distributor*

## TRADIZIONE BODY AND MASSAGE OILS

The utmost care is taken to ensure that our Body and Massage Oils are not subjected to heat or sunlight. This preserves all the natural goodness of the oil, including a high content of Vitamin-E, antioxidants, and minerals that promote good health.

Virgin Coconut oil is perfect to use for a body massage, skin moisturiser, and make-up remover. As a naturally low SPF sunscreen, among others, VCO can also be a better shaving solution than those chemical-rich traditional shaving creams and foams.

When a product can moisturise and provide anti-ageing solutions, it is a must to include it in your skincare regimen.

## PROBLEM

Heavy make-up, dry skin, skin ageing, saggy skin, wrinkles, fine lines

## SOLUTION

- **Vanilla Essence and Extract** Happy, relaxing, and healthy—that's the vanilla feel! Treats acne, fights ageing, and has anti-oxidants that protect the skin from toxins.
- **Strawberry** Give your skin a sweet and relaxing treat with the oil that moisturises and keeps you looking young and refreshed. The Vitamin C and other anti-oxidants present in strawberries can delay the ageing process and can also help brighten up dull skin and improve your complexion.
- **Argan Oil** Here is your skin's natural booster. Let your body absorb the nutrients found in Argan Oil and feel your skin become soft, your hands and feet supple, and your nails strong and healthy. Great for ageing skin as it minimises wrinkles and produces radiant skin.

I like Caramella because of its sweet scent. I apply it on my whole body and it doesn't feel sticky at all because it gets easily absorbed!

*Anna Manalo, 28*

# CARAMELLA /karamela/ BODY AND MASSAGE OIL (ANTI-AGEING)

# MANZANA

/manzana/  
BODY AND MASSAGE OIL (EXFOLIATING)

An exfoliating moisturiser is a wonderful product to help smoothen and brighten your complexion while providing hydration.

## PROBLEM

Heavy make-up, allergies, minor wounds, skin infections, dry and patchy skin

## SOLUTION

- **Almond Oil** Known for its calming effect, Almond Oil keeps the skin moisturised and treats allergies, minor wounds, and skin infections.
- **Pomegranate Oil** Revel in this oil's many powerful ingredients that stop free radicals, fight wrinkles and other signs of skin ageing. Pomegranate has ellagic acid that regenerates skin cells and punicalagins that renews cells, smooths and prevent wrinkles.

I like the Manzana Body massage oil because it's natural and the scent is so relaxing.

*Danexa Osinsao*

# MENTHO /mento/

## BODY AND MASSAGE OIL (SOOTHING)

A refreshing body and massage oil with cooling menthol. A skin protectant for relief of dry patched skin, itchiness, and sore muscles.

### PROBLEM

Aching joints, sore muscles, dry skin, itchiness

### SOLUTION

- **Peppermint Essential Oil** Peppermint oil has a high menthol content that produces a soothing, cooling and refreshing sensation that you will positively feel and love. It helps reduce aching joints, muscular aches and pains.

Mentho Body Massage Oil feels so relaxing while I'm having my back massaged.

*Annah Domingo*

# VIOLET

/vöölet, vayolet/  
BODY AND MASSAGE OIL (RELAXING)

Blanket your face and body in this calming oil before stepping into your pajamas for a more relaxing and peaceful night.

## PROBLEM

Heavy make-up, tired muscles, treats wounds, scars, acne and other inflammatory conditions

## SOLUTION

- **Lavender Essential Oil** A regular massage with Violet Body and Massage Oil can provide relief from pain in the joints as its lavender oil has been found to be superb in relaxing tired muscles especially that of the head and feet. The antiseptic and anti-inflammatory properties of lavender oil is beneficial to speed up the healing process of wounds, burns, and also helps treat scars, acne and other inflammatory conditions.

“Violet Body massage oil is the best! Swak na swak pang masahe sa husband ko every time na masakit katawan niya galing work. It relieves the pain and nourishes his skin.

*Jhane Posadas*

# LUNTEE

/lúntē, lunti/  
BODY AND MASSAGE OIL  
(MOISTURISING)

A powerful anti-oxidant to fight against all skin bacteria, making it clear, healthy, and supple. This also helps treat the premature signs of ageing, primarily due to excessive sun exposure.

## PROBLEM

Skin ageing, to eliminate body toxins

## SOLUTION

- **Green Tea Essential Oil (Camellia Oil)** An oil that is light and non-greasy, it is excellent as a moisturiser for the skin. Extracted from the seeds of the green tea plant, *Camellia Sinensis*, it is very rich in POLYPHENOLS, substances that are powerful antioxidants, fights free radicals, and helps avoid the damage of collagen and elastin of the skin.

This essential oil is very well-used in lymphatic drainage massages that aids in eliminating body toxins.

Luntee Body & Massage Oil, is perfect for me to use because it has pure antioxidants and is very smooth on my skin.

*Maja Rizza Campos*

## TRADIZIONE HAIR CARE

# TROPICA /trópēca, tropika/ SHAMPOO

The best word to describe this shampoo is “invigorating.” This shampoo always leaves hair feeling clean and healthy, and it smells great.

## PROBLEM

Dry, frizzy hair, itchy scalp

## SOLUTION

- **Virgin Coconut Oil** VCO does not say no, especially when it comes to caring for your skin and even your hair. Its antifungal and antibacterial properties help maintain healthy hair and scalp.
- **Vanilla Extract** For Fragrance

I reeeeeeaallly love the Tropica shampoo! I've always been struggling na makahanap ng shampoo na makakasundo ng scalp ko since madali siyang mag-react sa mga chemicals. Luckily, I found it and I fell in love with this natural shampoo.

*Zahra Gayon*

# CEDA /seda/ CONDITIONER

Dry, frizzled and rough hair calls for taking proper care; which includes oiling, shampooing and conditioning them until they are good to go. Using a good conditioner is a priority for people who have an uncontrollable frizz, unneeded texture and split ends.

## PROBLEM

Dry, frizzy hair, itchy scalp

## SOLUTION

- **Virgin Coconut Oil** Here is nature's way of conditioning your hair from inside out. Add a healthy glow to your tresses as one of the world's healthiest oils penetrate deeper and faster than any other conditioner. VCO is also rich in powerful antioxidants that protect the hair from environmental damage.
- **Aloe Vera** This is one of the oldest natural ingredients which offers wonderful benefits for your hair. Aloe Vera acts as a great conditioner with anti-fungal properties that treat dandruff, itchy scalp, and even maintains the hair's pH balance, leaving it strong and moisturised.
- **Apple Cider Vinegar** Here's another super shiny idea from Tradizione! Adding Apple Cider Vinegar in Ceda guarantees that your hair keeps its natural oils. This ingredient's acidity prevents dryness and balances the hair's pH levels. ACV works as a de-tangler and closes the cuticle of the hair making it shiny.

This is the conditioner that people with sensitive scalp can use. A powerful natural conditioner with VCO and ACV, I recommend this to everyone!

*Zahra Gayon*

# LAMEEG /lamëg, lamig/ COOLING SHAMPOO

You may not know it, but mentholated shampoo and conditioner can be used to protect your hair and prevent some of the damage that can happen over the years. Plus, it will leave your locks smelling sparkly fresh!

## PROBLEM

Dry scalp, frizzy hair

## SOLUTION

- Water (aqua)
- Coco betaine
- Cocos nucifera (coconut) oil
- Caprylic cupric triglycerides
- Argania spinosa oil (Argan)
- Helianthus annuus (sunflower) seed oil
- Persea gratissima (avocado) oil
- Triticum Vulgare (wheat germ) oil
- Olea europaea (olive) fruit oil
- Glycine soja (soybean) oil
- Tocopherol
- Menthol crystal
- Panthenyl triacetate
- Sodium benzoate

The cooling shampoo is definitely a must especially in a country like the Philippines. I use it every day to feel refreshed all day!

*Joey Delos Santos*

# LAMEEG /lamēg, lamig/ COOLING CONDITIONER

You may not know it, but mentholated shampoo and conditioner can be used to protect your hair and prevent some of the damage that can happen over the years. Plus, it will leave your locks smelling sparkly fresh!

## PROBLEM

Dry scalp, frizzy hair

## SOLUTION

- Dodecanic acid (lauric acid)
- Myristic acid
- Stearic acid
- Octadecan-1-01 (Stearyl alcohol)
- Cocos nucifera (coconut) oil
- Aqua (water)
- Glycerin (vegetable derived)
- Menthol, Triticum vulgare (wheat germ) oil

## LIP BALM

Get that irresistible pout from natural ingredients and keep your lips soft and moisturised all day long with Tradizione Lip Balm.

### PROBLEM

Dry and chapped lips

### SOLUTION

- **Virgin Coconut Oil** Lips for kissin' also need some lovin'. Virgin Coconut Oil has anti-microbial properties that prevent dryness and restore the skin's natural moisture. It has Vitamin E that makes your lips Vitamin E-resistible, keeping the lips healthy and protected from sun damage.
- **Peppermint** Put some thrill into lip care with the exciting flavour and cooling effect of peppermint! This is one way of giving your lips a healthy coating of healing and antibacterial properties.
- **Moringa oil** Moringa oil is widely used in skincare products due to its high contents of oleic acid for cell protection, vitamin A for collagen production, vitamin C for younger-looking skin, and vitamin E for its anti-inflammatory effects.
- **Beeswax** This bee-made protectant is perfect in shielding our lips from harsh winds that can dry it out. It creates a film that seals in moisture.
- **Honey** This is a beauty secret that has truly stood the test of time. Other than its moisturising properties, it heals and protects our lips from dryness and possible infection brought by cracked lips. It also helps in locking in the moisture in our lips, making them soft and healthy for a long time.
- **Shea Butter** This oil is popular among beauty products such as lotions, cosmetics, face essences, creams, and lip balms. It also has vitamins A and E that both calm and moisturises dry lips. Additionally, it helps in protecting the lips from harsh UV rays, as it provides UV protection of SPF6. Its fatty acids are important in replenishing collagen, as well as its production.

“Chapped, sore lips are my nightmare, always, so I have to use moisturisers. I tried other leading products but I easily turned to Piquant Lip Balm. It is not only effective, but all natural as well. I don't have to worry about chapped lips anymore and chemicals getting into my streams.

## FEMININE WASH

Your intimate area deserves the gentle protection of Bella. Fight bacterial and fungal infections while maintaining the natural pH level around your intimate area. Bella will keep you fresh, clean and confident all-day long.

### PROBLEM

pH level, skin infection, uneven skin complexion

### SOLUTION

- **Virgin Coconut Oil** Keep one of your most sensitive areas protected from harmful bacteria and viruses with the help of the lauric, capric, and caprylic acids found in VCO. This ingredient is also rich in Vitamin E, which keeps the pH level of your intimate area balanced.
- **Apple Cider Vinegar** Natural care is not just about being gentle; this ingredient is also tough, especially when it comes to killing bacteria and viruses while maintaining normal pH level.
- **Tea Tree Oil** Say goodbye to itch with Tea Tree. Considered as one of the most popular natural remedies, Tea Tree Oil aids skin problems and fungal infections.
- **Eucalyptus Oil** While this ingredient is hot in fighting bacteria and playing its role as a natural anti-septic, Eucalyptus Oil is also effective in keeping you cool and fresh all day.
- **Lavender Oil** Brighten up your day with the pleasing scent of flowers, but Lavender Oil does not only suppress unwanted odour with its aroma, it also fights bacteria and other skin infections with the help of its anti-microbial and anti-inflammatory properties.

“This natural feminine wash is cooling down there. After using it, I feel refreshed. No joke. I don't have to worry about any chemicals in my private area. I know I am safe.

## ORGANIC VCO DEODORANT

An organic VCO deodorant that fends off odour without the ingredients that are likely to be toxic or irritating. Aside from that, it smells delightful!

### PROBLEM

Odour, dark and rough underarms

### SOLUTION

- **Organic Virgin Coconut Oil** Protect and replenish your skin's moisture with the help of Virgin Coconut Oil. It's rich in Vitamin E that shields your skin from bacteria, heals and keeps it pH balanced.
- **Apple Cider Vinegar** Don't let smelly underarms stop you from doing what you want. Say goodbye to odour-causing bacteria with this ingredient's natural deodorising benefits.
- **Tea Tree Oil** Stay fresh, dry and odour-free! Tea Tree Oil is the ultimate anti-fungal, antibacterial ingredient which provides protection against odour-causing bacteria.
- **Beeswax** Take care of your underarms the way you would take care of your face. Moisturise, hydrate and increase the elasticity of your skin with the help of this all-natural ingredient. Its antibacterial, antimicrobial, and antioxidant properties keep you protected from body odour.
- **Tawas(Alum)** Other deodorant brands can clog the skin's pores which can lead to many infections. This hypoallergenic ingredient is guaranteed to be gentle on your skin, giving the underarm a lighter tone while eliminating odour-causing bacteria.
- **Lemon** Caring for your underarms gets even better with the help of lemon. Its acidic properties effectively lighten the skin and exfoliate dead skin cells.
- **Baking Soda** Achieve smoother and lighter skin with a natural ingredient that fights body odour and exfoliates the underarms.

It goes on smooth and leaves skin moisturised, thanks to the coconut oil in it!
